NOTICE OF MEDICAL PRIVACY PRACTICES

This notice describes how medical information about you may be used and disclosed and how you can gain access to this information. Please review it carefully.

The Health Insurance Portability & Accountability Act of 1996 (HIPAA) is a federal program that requires all medical records and other individually identifiable health information used or disclosed by us in any form, whether electronically, on paper, or orally, be kept properly confidential. This Act gives you, the patient, significant new rights to understand and control how your health information is used. HIPAA provides penalties for covered entities that misuse personal health information.

As required by HIPAA, we have prepared this explanation of how we are required to maintain the privacy of your health information and how we may use and disclose your health information.

We may use and disclose your medical records only for each of the following purposes: treatment, payment, or health care operations.

- Treatment means providing, coordinating, or managing health care and related services by one or more health care providers. An example of this would include a physical examination.
- Payment means such activities as obtaining reimbursement for services, confirming coverage, billing or collection activities, and utilization review. An example of this would be sending a bill for your visit to your insurance company for payment.
- Health care operations include the business aspects of running our practice, such as conducting quality assessment and improvement activities, auditing functions, cost-management analysis, and customer service. An example would be an internal quality assessment review.

We may also create and distribute de-identified health information by removing all references to individually identifiable information.

We may contact you to provide appointment reminders or information about treatment alternatives or other health related benefits and services that may be of interest to you.

Any other uses and disclosures will be made only with your written authorization. You may revoke such authorization in writing and we are required to honor and abide by that written request, except to the extent that we have already taken actions relying on your authorization.

You have the following rights with respect to your protected health information, which you can exercise by presenting a written request to the Privacy Officer:

- The right to request restrictions on certain uses and disclosures of protected health information, including those related to disclosures to family members, other relatives, personal friends, or any other person identified by you. We are, however, not required to agree to a requested restriction. If we do agree to a restriction, we must abide by it unless you agree in writing to remove it.
- The right to reasonable requests to receive confidential communications of protected health information from us by alternative means or at alternative locations.
- The right to inspect and copy your protected health information.
- The right to amend your protected health information.
- The right to receive an accounting of disclosures of protected health information.
- The right to obtain a paper copy of this notice from us upon request.

We are required by law to maintain the privacy of your protected health information and to provide you with notice of our legal duties and privacy practices with respect to protected health information.

This notice is effective as of January 1, 2003 and we are required to abide by the terms of the Notice of Privacy Practices currently in effect. We reserve the right to change the terms of our Notice of Privacy Practices and to make the new notice provision effective for all protected health information that we maintain. We will post and you may request a written copy of a revised Notice of Privacy Practices from this office.

You have recourse if you feel that your privacy protections have been violated. You have the right to file written complaint with our office, or with the Department of Health & Human Services, Office of Civil Rights, about violations of the provision of this notice or the policies and procedures of our office. We will not retaliate against you for filling a complaint.

FINANCIAL POLICY

Welcome and thank you for choosing THE ALLERGY CLINIC for your medical care. We are committed to providing you with quality medical care. Our professional fees have been determined through careful consideration and we believe these fees are reasonable and reflect other area physician's charges. We are pleased to discuss with you any questions that you may have concerning your bill. Providing quality care is our primary concern.

Regarding Insurance: Indemnity and Private Insurance Policies: THE ALLERGY CLINIC will file claims directly with your insurance carrier for services where covered benefits have been verified. Insurance verification does not guarantee your insurance carrier will pay for services. Payment of co-insurance, deductibles, or non-covered services, when applicable, is required at the time of service.

Contracted Managed Care Plans (HMO, PPO, POS, EPO): Each time you make an appointment with an Allergy Clinic physician, it is your responsibility to make sure the physician is currently under contract with your plan and you have obtained the necessary referrals. Verification of your plan benefits/ coverage is required. Often this verification requires us to share the reason for your visit with the managed care plan. Payment of co-payments, co-insurance, deductible or non-covered services, when applicable, is required at the time of service.

We allow 45 days from the date a claim is filed by our office for the insurance company to pay. If the insurance carrier has not paid within this time, you are responsible for the entire balance, without further notice. We will not become involved in disputes between you and your insurance company regarding deductibles, non-covered services, co-insurance, coordination of benefits, pre-existing conditions or "reasonable and customary" charges other than to supply factual information when necessary. You are responsible for the timely payment of your account.

Medicare: The Allergy Clinic accepts assignment of Medicare benefits. We will file for Medicare supplement insurance if your plan is set up as an automatic cross-over by Medicare. See Medicare Signature on File Authorization Form.

Minors Accompanied by an Adult: The parent(s) or guardian(s) accompanying a minor is responsible for providing current insurance information for the minor and/or payment in full for services provided.

Unaccompanied Minors: A minor must have authorization for medical treatment signed by a parent or guardian and is responsible for providing current insurance information for self and/or payment in full for services provided.

To assist us in establishing your Allergy Clinic account, please (1) provide current patient and insurance information and (2) authorize release of information necessary for insurance filing and pre-certification by signing the statement below. Your payment can be in the form of cash, check Visa/MasterCard, Discover or American Express.
